Made to take a Hit

Pewter IR

Collision Protection for Your Roof

Pinnacle® Impact shingles protect your home against Class 4 hail and winds up to 160 mph.* Built with innovative technologies, including 3M™ Scotchgard™ Protector and 3M™ Smog-Reducing Granules, your roof will outperform the rest while looking its absolute best.

Pinnacle® Impact

Lasting Beauty that Weathers the Storm

Impact Resistance Made to Weather the Storm

Pinnacle® Impact earns a UL 2218 Class 4 rating, the highest impact resistance rating an asphalt shingle can achieve. A polymer-modified blend lets the shingle absorb hail strikes instead of cracking under them. Many insurers offer a premium discount for Class 4 roofs. Ask your provider what that could mean for your policy.

Innovation and Lasting Impressions

3M™ Smog-Reducing Granules help combat air pollution with every shingle installed. And with 3M™ Scotchgard™ Protector helping prevent algae growth before it starts, Pinnacle® Impact holds its color and curb appeal for years to come.

Atlas Roofing Corporation (ATLAS) warrants to you, the original owner of its shingle products, that this product is free from any manufacturing defects that materially affect the performance of your shingle during the Premium Protection Period or that cause leaks for the balance of the applicable warranty period.

* In order to qualify for the Atlas Lifetime Algae Resistance Limited Warranty against black streaks caused by blue-green algae, installation must include StormMaster® Hip & Ridge shingles, Pro-Cut® Hip & Ridge shingles, or Pro-Cut® High Profile Hip & Ridge shingles featuring Scotchgard® Protector with Atlas shingles featuring Scotchgard® Protector.

** Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

¹ Refer to the Atlas Signature Select® Limited Warranty for all system coverage requirements.

Scotchgard® and the Scotchgard® Protector logo, including the plaid design and 3M™ logo, are all trademarks of 3M.
