ProLam®

Exceptional Value in a Designer Look

Great Value and Even Greater Quality

ProLam® laminate shingles come in seven beautiful shades that resist the black streaks caused by algae. They carry a Class 3 impact resistance for everyday durability and hold up to winds as high as 130 mph.* Plus get the peace of mind that your roof stays as reliable as it looks with the industries best roofing warranties.

ATLAS® Protects

Choosing a New Roof Is an Easy Decision With Everything ProLam® Has to Offer

If you're looking for beautiful curb appeal, protection against high-winds and unexpected weather, and lasting durability on your roof, ProLam® shingles checks all of the boxes, making your decision easier than ever.

Peace of Mind

Don't worry. We've got you covered with the Atlas Lifetime Limited Warranty**, ensuring your investment is protected for years to come.

Wind Protection

Let those winds howl. Because of our innovative HP42® shingle technology, your roof is shielded from wind gusts up to 130 mph.*

High-Performance

HP42® technology features a wide format for better curb appeal, plus our Sweet Spot™ nailing area and double FASTAC® sealant line ensure your shingles will stay put.

Class 3 Impact Resistance

UL 2218 Class 3 impact resistance offers protection against harsh weather conditions and may qualify for a homeowners insurance discount.

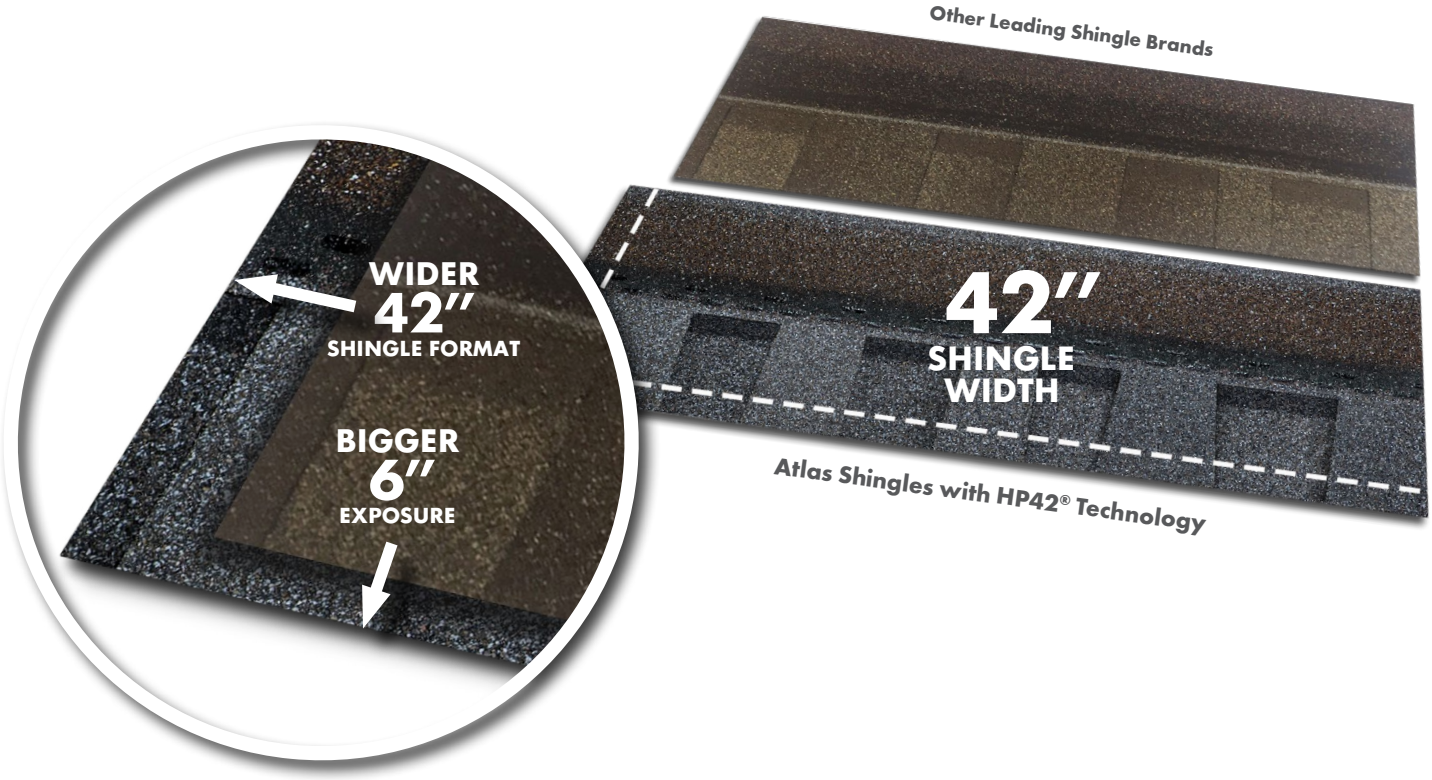

To provide homeowners the most accurate representation of color options, several photo scans and house shots were utilized in numerous lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs.

Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.

Greater Exposure With HP42®

Give your home the attention it deserves by creating stunning curb appeal. A 6" exposure creates a bolder architectural appearance than the traditional asphalt shingle, setting your home apart from the top down.

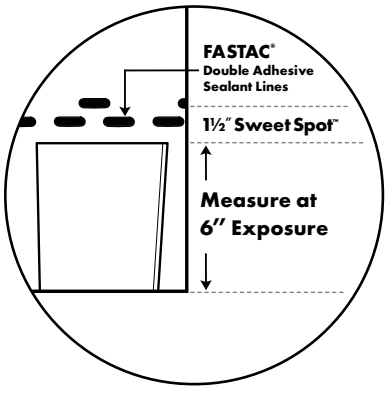

Bigger, Faster, Better

A bigger shingle means better protection, faster installation, and stunning curb appeal.

ProLam® shingles with HP42® technology feature the Sweet Spot™ nailing area and double FASTAC® sealant line for a more secure seal, ensuring your shingles stay put in winds up to 130 mph.*

ProLam®

Exceptional Value in a Designer Look

ProLam® laminate shingles come in seven popular shades made to complement any home's exterior. With Algae Resistance System technology, up to 130 mph wind resistance, a Class 3 impact rating, and a lifetime warranty, it's a roof that's reliable as it is beautiful.

Colors	Limited Warranty*	Wind Resistance*	Algae Resistance (ARS)*
7	Lifetime	Up to 130 mph	10 Years

Demand Peak Coverage

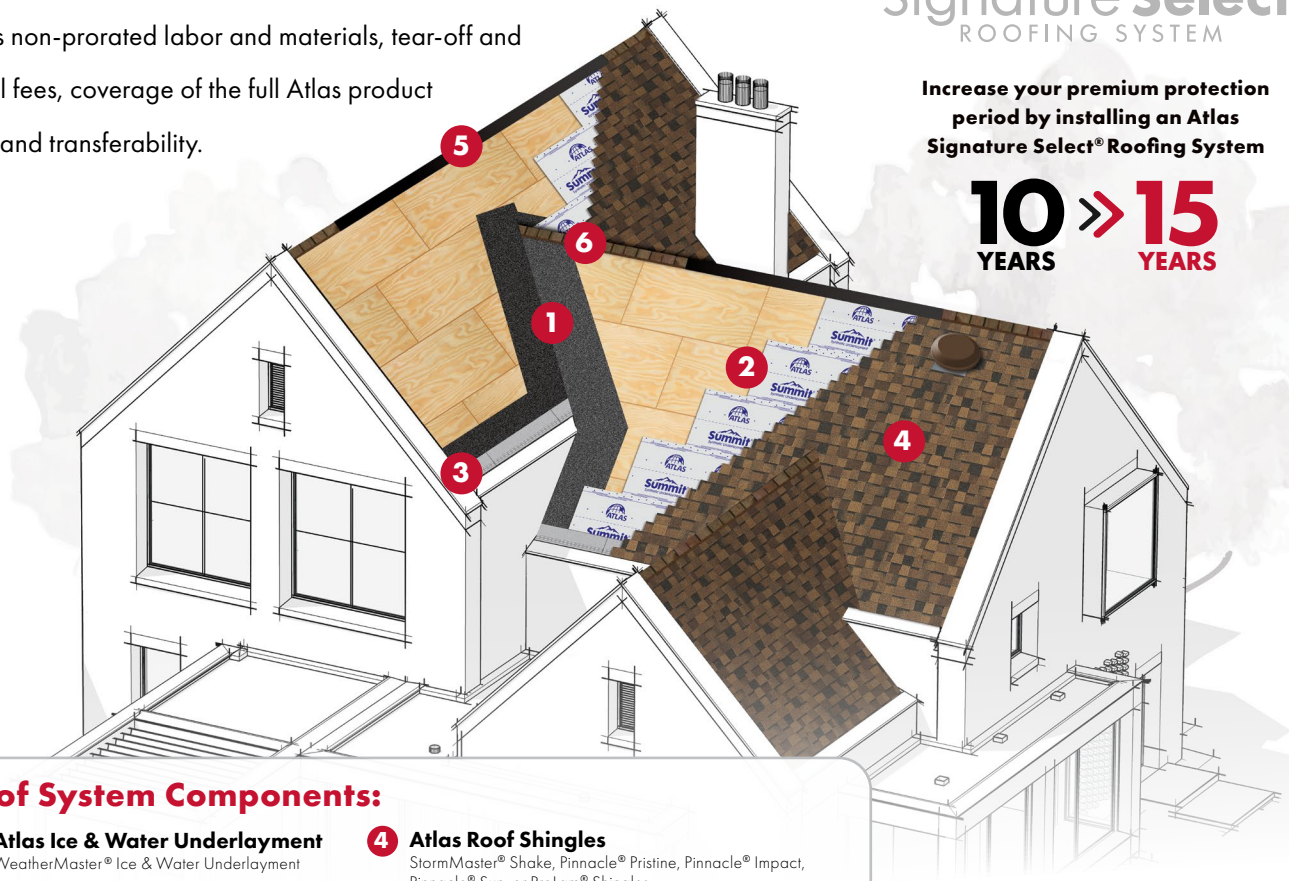

When you install an Atlas Signature Select® roofing system[1], all the components are designed for and backed by the industry's best warranty coverage.

Unlike many other roofing warranties that promise more than they deliver, Atlas packs value and assurance into an enhanced premium protection period, which includes non-prorated labor and materials, tear-off and disposal fees, coverage of the full Atlas product system, and transferability.

Signature Select® ROOFING SYSTEM

Increase your premium protection period by installing an Atlas Signature Select® Roofing System

10 YEARS » 15 YEARS

Roof System Components:

1. **Atlas Ice & Water Underlayment**
